JULY 11 2013

SPECIAL EDITION

Camp Jubilee is Open for Business

Thanks to many volunteers we are able to open the entire campsite except for the lagoon area, after the flood.

Due to approximately 80 days of work being accomplished this past weekend by volunteers the debris from the flood is mostly cleared from the site. The lagoon area still needs clearing but the rest will be completed this week.

Areas that are still a concern will be fenced off until the work is finished.

Thanks to the volunteers we have seen an amazing amount of debris removed from Camp Jubilee. The pathway from Buffalo and Badger all the way to the lagoon is open and ready for use. Some debris will be removed this week with a backhoe and hook. The bulk has been removed by these amazing people on Saturday the 6th of July and Sunday the 7th of July.

Thank you to all of the following (and there are likely a few more that did not sign our list).
